

A DISTINCTIVELY DIFFERENT COMMUNITY FOR SENIORS

March 2010

We're pleased to say we've had a record month at SearStone with many people reserving their new, care-free homes! Many commented on the value of having a plan in place and yet being able to handle the transition to their lovely new residences over the next year or two. They also expressed comfort with the thought that their future health needs would be met. We're actually selling out of certain floor plans and don't want you to miss out on this exciting new community! Call today to learn about one of the wisest decisions you could make for your future.

MAKE FINANCIAL "CENTS" FOR YOU?

Many people want to know, "Can I really afford to live at SearStone?" If you currently own your home and have an annual income of around \$40,000; the likely answer is "YES!"

Although many SearStone members choose this community because of the exciting new lifestyle and social opportunities, most people choose SearStone because of the peace of mind they will have in knowing their financial health and long term care needs are taken care of for the rest of their lives. When you start to review the current cost of living in your own home and compare it to the worry-free living at SearStone, the "cents" start to add up!

Join us on Tuesday, March 9 at 2:00pm or Thursday, March 18 at 10:00am to Discover *or Re-Discover* SearStone. We will share updates on this exciting new Continuing Care Retirement Community. Light refreshments will be served. RSVP required. Call 919-466-9366 or email info@searstone.com if you would like to join us or schedule a personal visit.
